

Think Design Deliver

South Australia's Expert Panel on Planning Reform

HAVE YOUR SAY ABOUT HOW TO CREATE A NEW PLANNING SYSTEM FOR SOUTH AUSTRALIA

Community, Council and agency workshops are being held across South Australia over August and September 2013 as part of the initial 'listening and scoping' stage of the engagement process.

The workshops will introduce the scope of the Expert Panel's work and provide an opportunity for individuals and groups to tell the Expert Panel:

- your **experiences** with the current planning system and what you think is or isn't working well
- the **questions** you think the Expert Panel should be considering in developing a new planning system
- your **ideas** for creating a new planning system
- what **outcomes** you want a new planning system to achieve.

To RSVP for a workshop please email DPTI.PDPlanningReform@sa.gov.au at least three days prior to the workshop.

You can also provide your comments online at www.thinkdesigndeliver.sa.gov.au. Input for the 'listening and scoping' stage finishes on Friday 11 October 2013. However submissions are welcome at any time throughout the life of the Panel's work.

Workshop: 1.30pm-4.00pm

Stay involved in the engagement process

The 'listening and scoping' program is the first stage of the Expert Panel's engagement process. A report will be released in December 2013 summarising feedback on the current planning system and the key questions being considered by the Expert Panel.

Further engagement will take place in 2014 as the Expert Panel develops:

- options for a new planning system
- a preferred planning model

The Expert Panel will present final recommendations to the Government and Parliament in December 2014.

For notification of reports and ongoing engagement opportunities, register on our mailing list at www.thinkdesigndeliver.sa.gov.au
